

DISHA DESHMUKH

Full Stack Developer (Fresher) | Python & Django | Web Development

Nagpur, Maharashtra | +91 7776994342 | deshmukhdisha084@gmail.com |

LinkedIn : <https://www.linkedin.com/in/disha-deshmukh-933293282/> | **GitHub** : <https://github.com/DishaDeshmukh06> |

PROFESSIONAL SUMMARY

MCA student and Full Stack Developer with hands-on experience building responsive web applications using Python, Django, JavaScript, and REST APIs. Developed full-stack systems, containerized applications using Docker, and integrated Node.js/Express backends across multiple web development roles. Proven track record in database management, API integration, and full-cycle application development. Seeking an entry-level Software Developer or Web Developer position.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript (ES6), SQL, HTML5, CSS3
- **Frameworks & Libraries:** Django, Node.js, Express.js, Bootstrap.
- **Databases & Tools :** MySQL, SQLite, REST APIs, Docker, Git, GitHub, VS Code
- **Enterprise & Analytics:** Power BI, Microsoft Intune, Google Analytics
- **Soft Skills:** Communication, Problem-Solving, Teamwork, Time Management

EDUCATION

Master of Computer Applications (MCA) – Currently Pursuing | Tulsiramji Gaikwad Patil College of Engineering & Technology (TGPCET), Nagpur
2025 – 2027 (Expected) | **First Year CGPA: 9.00**

Bachelor of Computer Applications (BCA) | Sant Gadge Baba University, Amravati.
2022 – 2024 | **CGPA: 7.73 (Graduated with Distinction)**

INTERNSHIP EXPERIENCE

Full Stack Development Intern | Cognifyz IT Solutions Pvt. Ltd. (Ref: CTI/A1/C385877) | Jul 2026

GitHub: github.com/DishaDeshmukh06/Cognifyz-FullStack-Development-Internship

- Engineered 5 full-stack web modules using HTML5, CSS3, JavaScript, and Bootstrap, delivering responsive, cross-device UI components.
- Built server-side features with Node.js and Express.js, rendering dynamic pages via EJS templating and integrating REST APIs with database connectivity.

Full Stack Web Development Intern | SmartED Innovations | Nov 2025 – Jan 2026

- Built responsive, cross-device web applications using HTML5, CSS3, and JavaScript, ensuring consistent UI/UX performance.
- Developed backend logic in Python/Django with SQLite integration for secure, persistent data storage.
- Containerized applications with Docker and integrated RESTful APIs, improving deployment stability and site reliability.

PROJECTS

AI Hobby & Health Tracker | Python, Django, SQLite, Chart.js, ReportLab

GitHub: <https://github.com/DishaDeshmukh06/AI-Hobby-Health-Tracker>

- Built a full-stack Django app with secure authentication to track health metrics (BPM, BP, steps, sleep) with real-time alerts.
- Engineered an AI recommendation engine based on the Big Five personality model and visualized health trends using Chart.js, with PDF report export via ReportLab.

Employee & Business Management System | Python, Django, SQLite, Docker

GitHub: <https://github.com/DishaDeshmukh06/Employee-and-Business-Management-System>

- Engineered secure, permission-based login portals for HR, Manager, and Employee roles with dedicated dashboards for each.
- Built a CRUD architecture validated with 500+ entries and an optimized search engine for instant retrieval .

Student Attendance Management System | Node.js, Express.js, SQLite

GitHub: <https://github.com/DishaDeshmukh06/Student-Attendance-Management-System>

- Developed a role-based attendance system with secure authentication for Admin, Teacher, and Student roles.
- Engineered an interactive dashboard for real-time attendance tracking with live search, record filtering, and SQLite integration.

CERTIFICATIONS & TRAINING

- **Mobile Device Management Analytics (MDMA)** – 480 Hours MIDC Skill Development Center, Butibori , Collaboration : NSDC & Eduspark .
- **Python Full Stack Development** — EduSkills Academy (Dec 2025)
- **SQL – Structured Query Language** — SmartED Innovations (Dec 2025)
- **GenAI Powered Data Analytics Job Simulation** — Tata via Forage (Dec 2025)
- **Cybersecurity Security Analyst Job Simulation** — Tata via Forage (Jan 2026)
- **Technology & Coding Job Simulation** — Deloitte Australia via Forage (Jan 2026)
- **Microsoft Power BI** — SmartED Innovations (Dec 2025)
- **JavaScript ES6/ES2015** — MindLuster (Sep 2023)
